AIR SYSTEMS

Thank You

Welcome and Thank You.

Thank you for choosing the Austin “it” air purifier. You’ve made an excellent choice: Austin Air purifiers have been used in independent clinical studies and are a benchmark in portable air purification.

You may be using your Austin Air purifier for cleaner air, including with chemical sensitivities, asthma, allergies or COPD. Whatever the reason, we recommend you run your Austin "it" air purifier 24 hours a day, 7 days a week, all 365 days per year. This will ensure you're getting maximum protection from airborne pollutants, when you need it most.

For full information on your Austin Air purifier, please take a moment to read this manual.

Registering your Austin Air.

Don't forget to register your new Austin Air purifier online at www.high-techmarket.it, in the "Warranty Registration" section, or by scanning the QR code below.

Operating Instructions

Please read all instructions before using your Austin Air purifier. Follow the directions below for easy set-up and first time operation.

- Unpack and remove all packing material. Remove air purifier from plastic bag.
- Completely unravel the power cord and place your Austin Air purifier on a flat, dry, stable surface, at least four inches from any wall, with the air vent facing away from the wall.

Make sure the speed control switch is in the off (0) position and plug the power cord into a 220-240V AC, 50/60 Hz wall outlet.

- Your Austin Air purifier features three different speed settings: high (III), medium (II), and low (I). The highest setting will provide the fastest delivery of clean air.
- Each time you turn on your Austin Air purifier, set to the high setting and let it run for an hour. After an hour, turn speed control switch to desired setting.
- Your Austin Air purifier is designed to run 24/7. This ensures optimal filter performance and guarantees the air is clean and free from pollutants.

Features

Important Safety Information

PLEASE READ AND SAVE THESE SAFETY INSTRUCTIONS BEFORE USING YOUR AUSTIN AIR PURIFIER.

When using electrical appliances, basic precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons including the following:

1. Read all instructions before operating your Austin Air purifier.
2. Always place your Austin Air purifier on a firm, flat, dry, level surface.
3. The Austin Air purifier must be used in its upright position.
4. Keep your Austin Air purifier away from heated surfaces, open flames, combustible gases, and vapors.
5. Keep your Austin Air purifier and cord out of the way, where it cannot be stepped on or tripped over.
6. Before operating your Austin Air purifier, extend the cord and inspect for any signs of damage. Do not use your Austin Air purifier if the cord is damaged.
7. Keep your Austin Air purifier away from water and other liquids.
8. Do not run power cord under carpets, and do not cover with throw rugs.
9. Always turn your Austin Air purifier to the off (0) position and unplug from the wall before moving it or changing the filter. Be sure to pull the plug and not the cord when disconnecting from the outlet.
10. Do not drop, insert or allow any objects to enter into any openings of your Austin Air purifier. If this occurs, immediately turn off and unplug your Austin Air purifier and call an Austin Air customer service representative.

Important Safety Information

Continued

11. Do not block the air openings on your Austin Air purifier. Blocking the air openings will decrease the efficiency of your Austin Air purifier and increase risk of injury.

12. Do not use outdoors. Your Austin Air purifier is intended for indoor use only.

13. To avoid the risk of fire, shock or personal injury, do not use an extension cord.

14. Do not sit, stand, or place heavy objects on your Austin Air purifier.

15. Do not operate your Austin Air purifier if it malfunctions or becomes damaged in any way.

16. Keep out of the reach of children.

17. DO NOT attempt to repair or adjust any electrical or mechanical functions on your Austin Air purifier. Doing so will void your warranty. All servicing should be performed by an authorized Austin Air representative only.

Filter Life

Your Austin "it" HEPA filter is designed to last up to 5 years under normal residential use.

Some homes are more polluted than others, so the filter life of your Austin "it" air purifier may be reduced.

If your Austin "it" purifier is used in rooms with unusually high concentrations of tobacco smoke, sawdust, soot, chemical vapors, and/or odors, the filter will need to be replaced more often. In these cases, replace the filter when your Austin "it" purifier stops delivering clean, odor-free air. If the odor of the highly concentrated contaminant is present at the air outlet vent, it is time to replace the filter.

For a replacement filter, please contact us at info@high-techmarket.it or via WhatsApp through our website.

*The carbon VOC wrap does not carry a warranty.

CAUTION

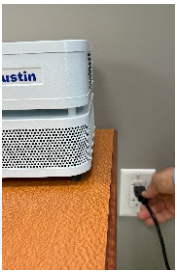

Warning: Do not attempt to clean the filter. Washing or cleaning the filter will void the warranty and may cause injury.

Information is subject to change without notice.

Changing the Filter

You will need:

- A large plastic trash bag
- A pair of work gloves
- A Phillips head screwdriver

1 Switch your unit to the OFF position. Unplug your Austin Air purifier from the power outlet.

2 Turn your Austin Air purifier upside down on a clean, flat surface.

3 Using a Phillips screwdriver, remove the four retaining screws from the bottom cover.

4 Wearing a pair of protective work gloves, lift the bottom cover off and set aside.

5 Carefully remove the filter and dispose in a plastic trash bag.

austin
AIR SYSTEMS

6

Remove the outer pre-filter and dispose in the same plastic trash bag.

7

Install the new outer pre-filter by aligning the pre-filter seam with the power cord.

8

Install new filter with the (top “motor side” label down)

9

Replace the bottom cover and screw down tightly.

10

Turn your Austin Air purifier right side up and operate on the high (III) setting for at least one hour.

Cleaning Instructions

Your Austin “it” air purifier has been designed to require very little maintenance. To remove the dust buildup on the 360-degree air intake, vacuum the exterior of the unit using the brush attachment of your vacuum cleaner. To clean the other surfaces on your Austin “it”, wipe with a soft dampened cloth. Always unplug your unit before cleaning.

Choosing a Location

We recommend that you place your Austin “it” air purifier on a flat surface. It is our recommendation that the Austin Air cleaner be placed with 4 inches between the air cleaner and the wall.

This sleek and stylish air purifier is made of durable steel and designed to sit discreetly on your desk or tabletop, providing you with a constant stream of purified air throughout the day. Equipped with the same quality of Austin Air HEPA filter that our customers have enjoyed for more than 30 years, this personal air purifier effectively captures 99% of airborne particles at .1 microns and 99.97% at .3 microns, including dust, pollen, pet dander, bacteria, viruses, and allergens.

3-Year Mechanical Warranty

For consumers, your Austin "it" air purifier is warranted to be free from defects in material and workmanship under normal residential use for 3 years from delivery.

In the event of a malfunction or fault, please contact High-Tech Market customer service. The Austin Air purifier must be returned to the address provided by customer service. It should be shipped insured and packaged with sufficient protection, along with your original proof of purchase.

This warranty is limited to the original retail purchaser and is not transferable. It does not cover damage due to accidents, abuse, tampering, or misuse, nor does it cover damage resulting from servicing performed by persons not authorized by us.

High-Tech Market's liability under this warranty is limited to the repair or replacement of the defective Austin Air purifier. High-Tech Market shall not be liable for incidental or consequential damages, whether direct or indirect. Filters are not covered by this warranty (see Filter Life). The carbon VOC wrap does not carry a warranty.

If you have any questions concerning the use and care of your Austin Air purifier, or about this warranty, please contact us at info@high-techmarket.it or via WhatsApp through our website.

Our Commitment to You

A Warranty That Protects You

With a 3-year mechanical warranty and direct support from High-Tech Market, you can relax knowing you've made a sound investment.

14-Day Right of Withdrawal

If you change your mind, you may withdraw within 14 days of delivery without giving any reason, under the conditions set out on www.high-techmarket.it on the "Right of Withdrawal" page. The unit is bagged and sealed for hygiene reasons: any limitations are described on the same page.

3-Year Mechanical Warranty

For consumers, your Austin Air purifier is warranted for 3 years from delivery against defects in materials and workmanship under normal residential use. The warranty is automatic: registration allows faster support.

Filter Life

Austin Air HEPA filters are designed to last up to 5 years under normal residential use. Filter life is not covered by the warranty.

*Please note: The Austin “it” carbon VOC wrap does not carry a warranty.
